Buhahari is not sure about the loyalty of APC stalwarts Abubakar Atiku and Rabi'u Kwankwaso the Kano State governor.

Our source claims both, who had presidential ambitions, are not happy that Buhahari, in their opinion, was imposed on the party by Bobo Chicago Bola Tinubu.

Atiku also claimed that he was not being consulted by Rivers State governor Rotimi Amaechi, Buhahari's campaign director.

These perceived slights have made Atiku and Kwankwaso secretly decide to work "underground" for the re-election of Goodluck Jonathan.
